# WHO WE ARE

We are a **transportation and logistics** company with **7 years of experience in the industry**, committed to providing **secure, reliable, and efficient transportation solutions**.

Specializing in **dry cargo transportation**, we stand out for the **safe and timely** handling of every shipment.

An isometric illustration of a logistics operation. A white RADA Logistics truck with a blue cab is shown from a side-rear perspective, parked on a green surface. The truck's cargo area is open, revealing several pallets of cardboard boxes inside. To the left of the truck, a blue forklift with a red body is positioned, with a person in a yellow shirt operating it. In the background, there are stacks of cardboard boxes, some labeled "POSTAL SERVICE". The entire scene is set against a light green background with a white curved shape containing text.

In our operations, we prioritize **customer satisfaction**, adapting to their needs and ensuring **effective logistics to optimize their operations.**

With our **expert team and cutting-edge technology**, we guarantee a service that inspires **confidence at every stage of the logistics process.**

# MEANING OF **RADA**

Ensenada Bay, where ships  
can anchor sheltered from  
certain winds.

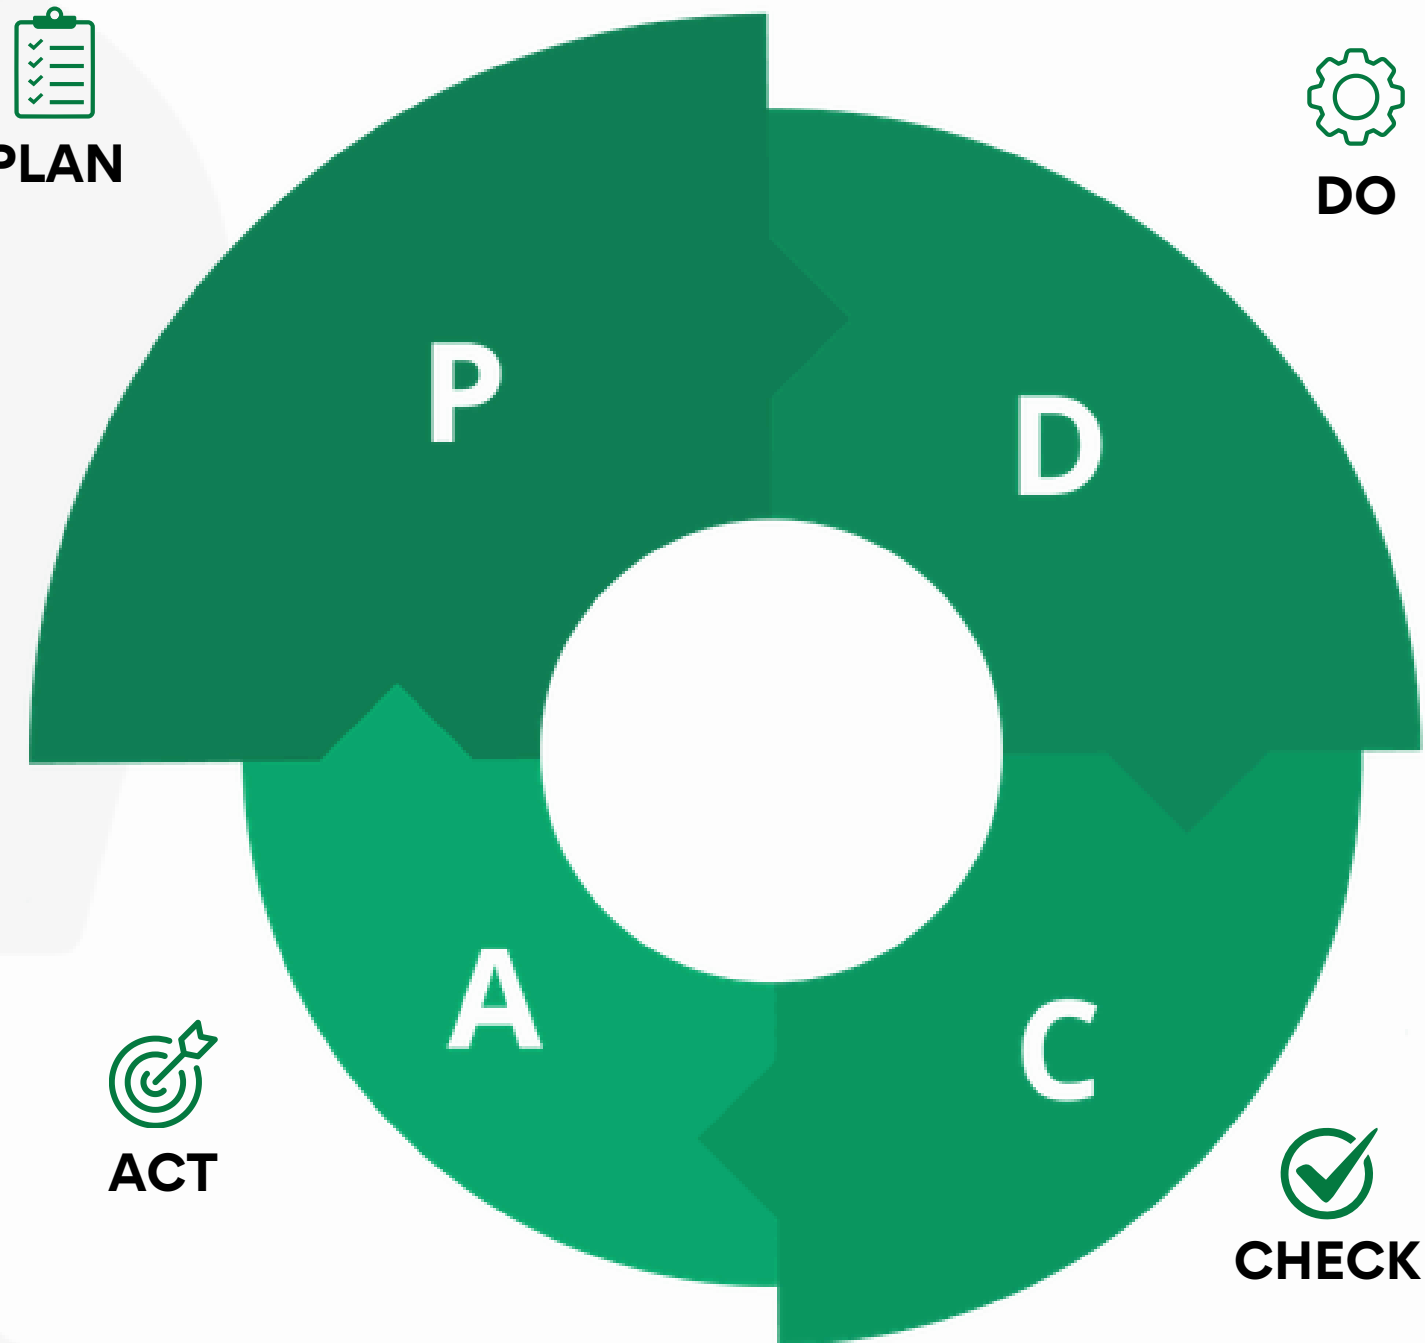

# OUR PHILOSOPHY

We are guided by a philosophy of **continuous improvement**, where initiative and innovation are fundamental pillars for **optimizing** every process.

We believe in **efficiency** as the foundation of quality service, **systematically applying the PDCA cycle (Plan, Do, Check, Act)** in all our operations.

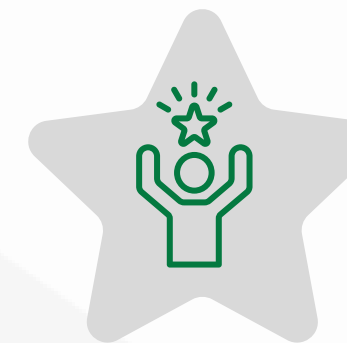

This approach allows us to **adapt to industry challenges**, uphold a **high** service standard, and provide **solutions** that evolve alongside **our clients' needs**.

# OUR VALUES

**Honesty**

**Motivation**

**Personalized  
attention**

**Responsibility**

**Loyalty**

**Human value**

***We make you feel  
safe by optimizing  
your logistics.***

*Mission*

# Certified Pilots

*How do we make you feel safe?*

The basis of pilots is not transportation, but leadership.

Pilots don't improvise; we train them to embrace a commitment to safety, precision, and making the customer feel secure.

When every RADA driver takes the wheel, our values are their GPS.

# Personalized Attention

*How do we make you feel safe?*

We don't hang our values on the wall; we live them in every interaction with our customers.

We don't answer emails, we build alliances and lasting relationships.

We don't just solve problems, we make our customers feel safe.

# GPS Transparency

*How do we make you feel safe?*

We do this with technology that doesn't hide, but reveals every step to make trust transparent.

GPS isn't just a monitoring tool; it's a way to accompany our customers on every journey. That's why we give them full, real-time access to their cargo.

We do this with technology that doesn't hide, but reveals every step to make trust transparent.

***When we share the  
journey we share the  
commitment.***
